268 DAYS PAST

THURSDAY

98 TO COME

March 20, 1907.

Dr. John J. Leppa, Akron, Ohio, says:

"Having used **Pepto-Mangan (Gude)** for a number of years, both in my private practice and in my own family, with most satisfactory and gratifying results, it is with pleasure that I herewith give it my heartiest endorsement and recommend its use to the medical profession."

A fine day & rather warm  
I did up forty-four quarts of  
tomatoes John has been working  
on his wheat ground, Mark  
is thrashing, Dick Davidson  
is doing it, Cecil George  
Davis Lawrence Cox Lewis man,  
& the car belonged to a fellow  
that works for Mr. Baidaw, Cecil  
was doing the driving & they  
run into the ditch by the  
sluice & turned the car over  
in the ditch, lucky no one  
was hurt,
