79 DAYS PAST

287 TO COME

Hastings-on-Hudson, N. Y., Oct. 18, 1906.

Major H. M. Ives, M.D., Member Assn. of Military Surgeons, U. S. Army, says:

"I cannot speak too highly of that mighty arm of precision
—Pepto-Mangan (Gude)."

Pepto-Mangan (Gude) has received the endorsement of
the medical profession after scientific investigation.

A fine warm day the cap
run fine I taped the little
Maple & Will Davison over on the
corner. Eugene was over for
dinner, he took Bells calf home
Lewis & Bell went to Aylin
& then up to Mr Norton's for
dinner. They had a letter that
Morley King had sent them
Albert was up a little while
& then Eugene helped me
clean the cellar then Albert
helped Pa draw manure. Mariah's
