

Saturday September 27th

Dad and I ran out the ditches this morning in the forenoon. Frank sowed, with Harry & Pommer and Frank rolled the other piece down with Belle & Joe. This afternoon I disbed and Frank rolled and harrowed with Belle & Jim. I spent the afternoon cleaning out ditches. An aeroplane circled over the farm this afternoon and Eub, who was down town said it was taking passengers out from Lincoln charging \$1.00 for a ten minute fly. Young Arthur McPherson was over here playing with Sid. all the afternoon and stayed to tea. He started off very bravely after tea when it was quite dark to go home but sent word back by Sid who went a little way to him that he wished he had said he was scared, so Sid called him back. He curled up on the sofa to wait till Frank was ready to take him home but by that time was so sound asleep that he stayed all night and Frank went to tell the folks. It certainly is an eerie spot past Preston's barn & Jonas' house after dark. Roy, Vernon and the children all came up with Mr. Millman in the car today.

Sunday September 28th

Frank and I went down to Sunday school and church this morning and I stayed down to dinner at

Nanticoke. Eub drove Mexico down and played the organ. This afternoon Mary and I went for a walk up the beach to the Chestnut opening. I came home to tea but was too late to do chores as I stopped in to say good by to Roy who left at six o'clock. I went down again after tea and met the Millman's and Quint who were all coming over here to see Dad. He felt tired to-day and didn't go down at all. ^{Beautiful day}

Monday September 29th

I finished disking the field length ways this morning and then spent the rest of the day crossing it finishing it to-night. Dad cleaned out ditches all day and Frank harrowed this morning but didn't bring the team out this afternoon. I think he picked the big pears in front of the house. I went down to band practice to-night after which I went over to the Millman's for a while. Kathleen was in the Lake when I got there. There was a man here from Nanticoke to-day looking at the saws but he didn't buy as he wanted one registered in the American boat. ^{Friday}

Tuesday September 30th

I went over to Charlie Inambury's to thrash this morning
