54 DAYS PAST

312 TO COME

May 18, 1907.

Dr. R. R. Root, Youngstown, Ohio, says:

"I am using your preparation, **Pepto-Mangan (Gude)**, alone, and in combination with arsenic and strychnine, and I have very fine results in cases of anemia and general debility."

Dec. 7, 1906.

Dr. M. Simpson, Chicago, Ill., says:

"For anemic young women **Pepto-Mangan (Gude)** is superior, prompt and efficacious to a marked degree."

Warm & rained this very early morning had terrible chain lightning & thunder. Turned colder to night. Mr. Young was out & John took down a load of hay for him. Then he came back & helped John draw a row. The girls drove to school. & to night the girls took me down to Clarence Leves on the channel sleigh we had a good time
