114 DAYS PAST

TUESDAY

252 TO COME

Gastric Aphorisms.

A case of persistent and chronic salivary hypersecretion was met recently. Examination showed it to be associated with gastric hypersecretion. Both conditions were evidently a reflex from a dilated and prolapsed colon. They disappeared within two weeks following a correction of the colon disturbance.—Bell; Med. Herald.

Weather

Temp.

Rained about half
past five & night, John
finished the ten acres &
cultivated some in and
the field, Bayde & Mr Blake
helped him all day. Girls
went to school, John
went to mill this morning
I guess old Billy is glad
the day is in Jessie
Marchant & Freda's room
was here this afternoon Billy & Marie &
