237 DAYS PAST

129 TO COME

No Uncertainty.

Doubtfully assimilable salts of iron may be of therapeutic value, but there is no doubt of the physiologic potency of such a non-irritant, promptly absorbable, organic combination of iron and manganese as **Pepto-Mangan (Gude)**. It performs its work as a hematinic and tonic pleasantly, safely and certainly, when intelligently prescribed and properly administered.

Weather

Temp.

Cold in morning. Real hot at noon and cold in the evening. Went to Silsbourg + had my teeth all finished up. Cost was \$1.50. Saw Mrs. Curtis + May Mrs. Curtis was having a sale, private, and selling all her belongings except dishes + table linen. Reached Cyler at 11.30 P.M. it had rained we could plainly see since he had left in the morning. I went from station to Mrs. M^r S^{ays} + got my wheel + took it up to Mrs. Cliné. Auntie Cliné went down with me. It was up in morning and on my wheel in front of town clock at 3.40 A.M. It was too dark to drive. After twelve when got in bed and with an awful head-ache -
M^{rs} took her lesson. Esmer's horse died (Gulch's)
M^{rs} arose in an evening for a few minutes.
M^{rs} arach + miles. M^{rs} + Papa drew in oats.
Mr. Cox was over at night.
