Tuesday November 1, 1921.

Mabel delivered mail on the whole route with the car, and on the second part I went with her and we went over to the Marden drain and looked at the tile and they went back to the Hyatt Branch drain. Chas Harris and Perry Handson came over.

to see the part along the 13 cow road. In the forenoon I staked and stapled the fence where the pigs were getting out of the orchard pen.

The day was windy and cold, and the roads were good.
