Tuesday Dec 20th. Moved from the Hotel to 222 Cedar street. The room cost us \$2 a week each. and we board next door which costs us \$3 a week - In the afternoon we went to Riverside Park - 7 miles out for five cents each way. it was a forlorn looking place. did not see much Park. looked more like a bush. all the trees out there were all covered with a kind of moss that completely covered some of them -

Wednesday Dec 21st - It was kind of cool this morning walked about the town and had to wear an overcoat -

In the afternoon we took the car to the Cestrick Farm. they have 151 there all sizes they hitched one up to a buggy and drove it around a track also rode on ones back. it was well worth the price 25cts to see it.

Thursday. Dec 22nd we certainly struck a fine boarding house - we are getting nearly stumped took a trip on the Ferry Boat across the river to South Jay. nothing over there only a circus put up there for the winter.
