

each petitioner, and how it is held for the company, and whether it was paid in cash, by services, or by the purchase or transfer of property or how otherwise. The ten per cent. paid in on the stock must be deposited to the credit of the Receiver-General of Canada, and must be standing at such credit in some chartered bank in Canada, and the petitioners must, with their petition, produce the deposit receipt for such amount so deposited. This receipt must be accompanied by a draft for the amount so deposited payable to the credit of the Receiver-General. When the letters patent have been granted or refused the Receiver-General will refund to the company the amount deposited.

In case the object of the company is one requiring that it should own real estate, any portion not exceeding one half of the ten per cent. to be paid in on the stock may be taken as paid in, if it is *bona fide* invested in real estate suitable to such object, and such real estate is, by a valid registered deed, duly held by two or more trustees for the company; and the petitioners must establish by affidavit or statutory declaration the fact that such real estate is of the required value over and above all encumbrances thereon.

The petition must be signed by each of the petitioners in person, and in the presence of a witness. If how ever, this is impracticable in any case, the petitioner may sign by an attorney; but the original power of attorney, or duly-authenticated or notarial copy thereof, must be produced. Each signature must be verified by affidavit or statutory declaration by the witness thereto.

The facts stated in the petition must be established by affidavit or statutory declaration.

The petition must be accompanied by a memorandum of agreement and stock book, duly executed, in duplicate, and the signatures to the same must be verified as in the case of the signatures to an affidavit.

The petition must also be accompanied by an affidavit or statutory declaration proving the publication in *The Canada Gazette* of the petitioner's notice of intention to apply for the letters patent.

No step will be taken towards the issue of the letters patent until the fees therefor shall have been paid.
