

of the potatoes that were cut and Mary and I took a walk around by Juey's lane & woods when I went after the cows. I finished one of my final examination show card texts to night. Nice day, cloudy but warm.

Saturday May 28th

I did chores and odd jobs this morning one of which was to go out and level down the mound of earth that covered the turnip pit. Dad. is plowing the patch again for roots and the hole where the pit was & the mound had never been levelled. Dad plowed all day and nearly finished the piece. Ham Thompson was over for the wool box but had to go on over to Lewis for it. Tom was in here at noon so stayed to dinner & spent the after noon painting my show card examination over again but didn't get it to suit me quite as well as the first one. I went back after the cows about five o'clock and got caught in a terrific down pour. It has felt like a thunder storm all day and it could. Dad. & I both got soaked. Evah was down town and got a little wet too. Frank was to have come home today but he decided it was too wet. I went down to the Gussis boys meeting in night and was in at Auntie's for which. Heat & sultry all day.

Sunday May 29th

Mary has been under. It's weather today so Sid. & I went alone to Sunday school & went to church. Sid. had a me on my way home to look at a game he is making to run this summer and he wants me to paint the lion on it for him. I spent the after noon reading to Mary & she didn't get up till 6 o'clock and then went back to bed & in night after. She helped me count the church money to night in bed. Hot and heavy thunder showers all the after noon.

Monday May 30th

Yesterday & last night's rain had everything so soaked this morning that there was very little we could do. Dad. drove Sid. down to school and did odd jobs during the fore noon and this afternoon opened some ditches. I went back to pull cockle in the wheat and got over four loads. I had a sort of grumbling stomach ache all morning and it was worse after dinner so I didn't go back very early. I went up one land & then went over to John Weiss'. A heavy thunder storm come up while I was there so I didn't leave till about five. John Weiss' lent me an old over coat to come home
