205 DAYS PAST

160 TO COME

**The Natural Ruddy Color**

characteristic of good health is conspicuous by its absence in the case of the chlor-anemic patient. The cheeks, lips and conjunctivæ are pallid, and the feeling of "well being" is absent. **Pepto-Mangan (Gude)** promptly and efficiently raises the color index of the blood, dissipates the sickly, greenish pallor, and quickly starts the devitalized patient on the way to recovery.

**Weather**

**Temp.**

Warm & hazy drawing  
wheat & hay. Mr Young was  
here helping the boys.  
Maudie & Nella went to  
Arlene, was at Mrs H. L. Lays  
& Mrs Kline's. Aleta & her  
mother are going to St  
Thomas to night, then in  
the morning on to Detroit.  
Wilfred Bingham saw a  
mail in his wheel to day
