136 DAYS PAST

230 TO COME

Jan. 22, 1907.

Dr. C. G. Polk, Pensauken, N. J., says:

"I have just finished my last bottle of **Pepto-Mangan** and take pleasure in chronicling results. When I began taking it I was so weak I could scarcely dress myself. Weighed 116 pounds. As soon as I began taking the **Pepto-Mangan** I noticed a marked improvement in appetite, began sleeping better and realized a general improvement in health. I feel that it has done me much more benefit than I anticipated. I now weigh about 130, sleep and eat well and am feeling

a warm day & was
smokey all day until
late this afternoon.
Albert's car got away & tried
to go home twice. John
caught her at noon &
we kept her in the dinner
room. John is plaguing
all day. Maudie went to
school. Bert brought Mrs
McLay out & they stayed
for dinner. Mariah's
