

Dick and Des come over to see the little pigs. Not long after that Dad, Enah and the baby drove home and Auntie and Ray came over to tea. Rebecca Loring come with Dad. Dick and Des didn't stay long. In night I went down town but none of us went to Church to night. I went up to Miss Martin's where I found Mary's Mrs. & Miss M^cQueen. They had been in Grimby all day and had come back on the seven o'clock car. They had intended going down with Jack Walker but it was such a nasty morning Jack didn't go so they went by radial and had a fair afternoon. They went down principally to see peach blossoms but they weren't out yet and the cherry & apples were gone but they had a good time. I stopped in at Auntie's for an hour or so on my way home. Rainy & very windy this morning but lovely by evening.

Monday June 11th

After I did chores this morning I planted out some gladioli and some niggonette & holly hock seed. Auntie gave me the seeds and the holly hocks were grown at Mt. Vernon and supposed to be something extra. Bert Thompson came over with a yearling heifer which he turned out here to pasture. I put in the rest of the day spudding thistles in the oats. Frank was down town getting Joe shod this morning and when he came back he cultivated manure with the 'Buck' as Auntie Alice calls the
