Well and raining all morning.

Uncle Jim and Zellie to morning

Real cold north wind with flurries of
snow. Pa still quite miserable.

TUESDAY, 29

afternoon and got Wiley shod and took
down can of cream.
Dr. Ferris out to see Pa. He has
pneumonia and one lung about-filled.
Fine and milder. Freezing at night.

WEDNESDAY, 30

Dr. Ferris here in afternoon.
Pa not any better and the other lung

Fine and bright - but raw east wind.
