

May Saturday 22 1926

"Our gang" went to town at night in the Chevrolet Coupe. Had some time in the Dodge with Melville and teasing Eleanor. Flew the "X-lan" burnt a fine cross just back of Ford Garage.

Sunday 23

Drove up to M^{rs} Crow and had supper with them. Took Marge down to Backus afterwards. Jean and I went for a drive with old "Lucas" up home and didn't get back very early. Home somewhere around 1:30.

Monday 24

Had an invitation to Brown's party at Salt but couldn't get a car to go with so couldn't go. Jean went with Cochrane. Alex took Jimmie and I to Pinchurst. Small crowd but good music. Danced with "Fatie" & "Isabelle".

May Tuesday 25 1926

Felt "fairly good" as Jim says after my first night of dancing at Pinchurst. Rather tired so had a real sleep in the afternoon.

Wednesday 26

My throat started to get sore so got a bottle of "Klenzo Liquid Antiseptic" at Sanderocks to gargle it with and retired early.

Thursday 27

Andrew Jelfu and I drove up to W.W. Cars to attend directors meeting where we made arrangements for Bethel play and drew up programme until end of July. Ice-cream and cake afterwards and a chat with Jean.
