183 DAYS PAST

183 TO COME

The Causal Neurosis

having once been remedied, the anemia of neurotic origin is amenable to steady and rapid improvement through direct hematinic therapy. Pepto-Mangan (Gude) is the one non-irritant, distinctly palatable, easily tolerable, and readily assimilable hemic reconstructor especially applicable in such cases.

Weather

Temp.

Very warm

Maudie went to Ayler  
John went to Ayler &  
got a grip! Maudie took  
some boards & have plain  
ed for Bee hives, Wilfred  
was up for letters, I had  
a letter from Aunt Emma  
Kaiser she is at the fair  
in California, Mr Lee  
died last night.
