

found the crop in it. Dick got home about  
10 o'clock and we all went to bed.

Sunday June 18<sup>th</sup>  
Rosa had down to Sunday School  
this morning and was not late which  
broke the record for the first time since we have  
been on the farm. Dick did not get up in time  
to go. Mr. Enah and Ray came down to church  
but Daddy went back to the farm and met  
us all at Ruby's where we dined. In the  
afternoon I went out in the boat a little way  
and then went up town and took a few pictures.  
First I went up to the Smith's to see if I  
could see Bruce but could not but Mrs. Smith  
said she would tell him to come over to-morrow  
if he came up. I went down to the dock and  
saw the launch "Meriam" of the C. Y. C. come  
in. Joe was out in the "Pilot" and I was in  
the "Cygnet" and there was hardly enough wind  
for them to get in.  
Joe and I were going up Drain street about

five o'clock and we saw a big smoke up  
the street. Joe had his wheel and he rode up.  
I went up as far as Francis's corner and  
did not see much smoke and only a few  
people so I thought there was nothing in it  
but found out afterwards that Mr. Bain's old  
barn burnt down up by Bob Litchie.

Almet Ray going over to the Woodsons for  
tea when I was going home and went over  
that far with him.

After tea I went down to church alone  
and went behind the organ with Wiser who  
wanted to get off early. After church I  
saw Egg Thompson and Rusk and went  
up as far as Old Walker's strawberry  
patch with them and then on home! (It was  
too dark to find the berries well.)

Mr. Johnson and Murray went up to  
Post Ryerac in the former's gasoline  
launch and broke down on the way home.  
Haymaker towed them home and I guess  
Mr. Johnson had to preach on an empty stomach.  
Pretty hot to-day but not breeze.
