

Thursday May 11, 1922.

I did chores and got the lawn road
and the potato patch rolled

Friday May 12, 1922.

After doing chores I went to
Chatham and saw J.C. Browning
re the Hyatt Branch Drain.
and on my way back I went over
to the 16th con. to see the Marden
Drain. Paid fare to Chatham and return
65 Cents to 16 con and return 15 = .80^{cts}
The day was fine

Saturday May 13, 1922.

John and I went over to the
field and got the plow to plow
a strip along Foxes line for potatoes
but it rained and we didn't plow.
In the afternoon it cleared up and
I went over to plow. Kent helped me
and then I went over to the land along
the 17th con. and got the roller and the
disc and rolled the potato ground.
