

Made a new deal with Tom to-day. No shares \$50. a month
killing one of the pigs that had gone stiff. It was too hot
to kill it as it was pretty small. They had the binder
unloaded and the two of us ran it into the driveway.
Last night ~~was~~ Mary and I went down to the Pageant
in the hall put on by the Presbyterian Health Club. Tom
Charlie & Stanley went with us. Dad sang his
"Irish Names" at it. A man threw a fit in the middle
of the performance & had to be hauled out to the admission
where he indulged in a couple more. Son McCaulley
also had one in the Council Chamber. Ina was here
all day and stayed with Mabel to-night. Mildred.

Wednesday January February 1st
I did up the chore this morning and Dick came
out and got me about 10.30 and I caught the 11 car
for Kitchener arriving back in Guelph about 3.30. I
walked out to the College and went to the arena where I thought
I would find Frank but he wasn't there. I stayed there till
the class was over and ran across Frank later. He saw
me. He had a room located for me about a block away
from the Clark's where he is boarding and I am to get
my meals over there. I went back with him and had tea
then walked up to the College & spent the evening back with the boys.

Thursday February 2nd
Got up and had a shave and then walked over to the
Clark's for breakfast. Frank and I took in the sheep
classes one of which was a killing demonstration which I
didn't enjoy much. I called up Dr. Fowler last night &
Mrs. Fowler answered and said that the Dr. was in Toronto
but would be home at 7.40 tomorrow to-night and that
if Frank & I would be at the station at that time to meet him
she would like us to come out. She remembered Dad as soon
as I told her my name. She said her daughter would be
at the station with a red hat so that we would know her.
Frank & I were there on time and there was a middle-
aged lady and a young girl with a magenta coloured hat
so I accosted them but they were not the ones, but presently
a jolly looking girl with a bright red bonnet appeared
and she proved to be Miss Fowler. When the train came
in her father stepped off and he was as hearty & happy
as could be. They drove us out to their home which
is at the out skirts of the town and picked up another girl
on the way. We spent a very jolly evening playing bridge
Frank & I held the cards & Mrs. Fowler & her sister told us
what to play. We also danced & Miss Fowler played & the Dr.
& the other girl step danced & we had a big time. He drove us home
