213 DAYS PAST

152 TO COME

A Rigid Test.

A physician in Florida reports: "I have put the Pepto-Mangan (Gude) you sent me some weeks ago, to a very rigid test; one case of severe anemia, and one of malarial affection. In both cases I combined it with Fowler's solution and the results were extremely satisfying. Hence I keep an original bottle on hand at all times."

Weather

drainy

Temp.

I took Mrs Marchant's down
turne this afternoon Hubert
& Clifford was up for a
little while. Mrs M^cLeay
& Maude was out a
little while this evening.
Eugene is going to
Rymer with Carl on
