

the house faced on a lake
of course. the ground
was very nice with Palm
trees & a few flowers
the rest was a drive
around the ground. through
palm trees, live oaks etc
most of them covered with
moss. I went on through
Winter Park & turned off
the highway to Longwood
and about $1\frac{1}{2}$ miles
farther saw a big tree
a cypress. it is some 50
feet around the trunk.
& must be 150 feet high
came home allamonta.

Dec 13th. Drove a few blocks
around and up Colonial
Drive. saw a few more
lakes and ended up
at Lake Dot. only a

few blocks from our
house. they have a few
wild ducks & three swans
saw a man fishing
for bass he did not
catch any. said he
caught two the night
before.

chamber of Commerce
picnic to Rock Springs
about 20 miles went
through Apopka
there was a big crowd
they supplied food coffee
& Barbicue, there
was a large spring there
it made a stream 8
or 10 feet wide in places

see the fish the water
was as clear as
crystal.
