

Owing to stormy weather, Fred and I did not go to the woods this forenoon but threshed a couple of floorings of peas with the new mowers.

Maggie and I went out in Rowd this afternoon, driving out to Crow Coll for the first time since, to the cutter.

I went down to see Mr John W. Carter about threshing and closed.

The weather is very cold at present.

Went out to
Haver this morning
as usual take-
ing Maggie and
fine with me.
Found the weather
very cold and
windy for driv-
ing.

Were surprised
on getting home
from church to
have my father
and sister-in-law
to come in soon
after. very un-
expectedly. The
latter had just
been having a
sale of stock
at his farm
near Wyndock
having rented the
same.
