221 DAYS PAST

THURSDAY

145 TO COME

To Dissipate the Pallor

and overcome the anoxemia, lassitude, dyspnea and headache of the Chlor-Anemic invalid, **Pepto-Mangan (Gude)** is "par excellence," the one palatable, tolerable and dependable hematinic. It quickly relieves the unpleasant symptoms, increases strength and weight, and restores the feeling of "well being."

Weather

Temp.

Rained a little
of night. Maudie went
for Mr. Blute & then
again this afternoon
I take honey, went to
Kingsmill this morning
for coal oil, Charles
Learn helped Albert
thresh for John, he came
down Learn Blute home
