57 DAYS PAST

*Wednesday*

309 TO COME

**The Pale and Tired School Girl**

needs something more than regulation of studies, fresh air and nourishing, easily digestible food. A blood count will almost always show a certain degree of Anemia, usually of the Chlorotic type. For such patients **Pepto-Mangan (Gude)** is especially indicated as a non-irritant, non-constipating, ferruginous tonic and reconstituent, which promptly overcomes the existing blood impoverishment.

**Weather**

**Temp.**

*Some cold & Melba took Grace  
& went for her. Cecil was over  
Dr. McRay was here & said  
that Maude was so much  
better she could get up every  
day now. John wanted to go  
to the sale but it was  
so cold he didn't go. Shed  
& his wife was up this evening*
