MONDAY, 18

(18-348)

1904

Caught too of a fox yesterday, but it froze so hard that the fox twisted it off. The other three traps were buried in snow. Must see another time that all are near surface, the dressing of oil of Rhod + oil of Annie seems to work alright. Fox went a little way in big swamp & lay down I went after him with Turk & J. put him into a hole in Clemens bush.

2160 of chop to town, $\frac{1}{2}$ back.
30 ties

Cut some poles.

Very cold.
