

Sunday September 26th

This has been one of the hottest days we have had this year. Frank and I went down to Sunday school and Dad and Cook went to church. This was home service and they had the church looking very nice. Jetha sang a solo. Doc. Lemmons & Lou. Perry were supposed to sing a duet but Bill didn't show up. ~~County~~ This afternoon I went down to Bronje as it was the only cool spot I could find. It was lovely down there on the point. I came home early and we did up the Chores in good time. Mark and his sisters and Winnie were here for tea and we all except Frank and Sis. went down to church to-night. Mr. Ward from St. John's preached. After church we all went down to Auntie and spent the evening. Auntie Alice gave Mark a kitten which Miss Stephens took home in a basket and which howled terribly.

Monday September 27th

I fixed up the old Coen house this morning and this afternoon Dad and I started to cut corn and got 28 shocks cut. Frank was away all day with Sam and Alan. I went to band practice to-night.

Tuesday September 28th

Dad and I cut corn all day and we nearly

half way across the field there are just ten rows of shocks in the field. Fine day, sunny with cool wind.

Wednesday September 29th

We cut corn all day. Jack Highland was past to-night about five o'clock and while Dad was talking to him he heard a cow bawl so we went back to the gully and found Nancy calving. We gave her a little assistance and now have another red and white bull calf known as Bill Sykes. Dad and I drove down with milk for Auntie to-night and up around by Sam Thompson's as I wanted to see if he was going to Court land to-morrow. Fine & cold.

Thursday September 30th

I caught the nine o'clock car this morning and went with Sam Thompson to Sam's where Manning picked us up and drove us to Courtland. She had the town ship fair and school fair combined. I didn't do much but help Sam judge the school kids' chickens. We had a very nice time though. The fair didn't amount to much as there was very little stock there and not much of anything else. Deans Taylor and a couple of pals were there having a great time. Manning drove Sam & me back. We had supper at his place and he drove us on down to Dover, as he was coming down to a meeting. Cloudy and cold all day. Raining to-night.
