104 DAYS PAST

262 TO COME

Geriatric Aphorisms—No. 10.

In every case of malignancy in warts, nevi and other dermal affections there is a history of irritation, generally an attempt at removal.

Atheroma is a fatty degeneration, arteriosclerosis a fibrous or calcareous degeneration of the arterial walls. The former produces a softening of the vessel and hardening occurs only after fibrosis or calcification has set in.—*Nascher; Amer. Med.*

Weather

a very day

Temp.

I have been cleaning the up stairs, have it nearly all finished, one day more will do it, John went to Kingsmill to get a great ground, they wasnt grinding & had to take it to Apliner, roads terrible! Charley has been splitting wood & I sowed my lettuce Maude's took Kellat ^{got her} ^{to} ^{her} ^{seed} ^{to} ^{her} ^{seed}
