258 DAYS PAST

107 TO COME

Tuberculous Adenitis

To get good results in the treatment of tuberculous adenitis, I believe it to be more important to treat the patient than to devote one's attention solely to the tuberculous process in the glands.

The physician should not depend upon surgery alone, hygiene alone or tuberculin alone, but should use all or each of these measures as is required by the individual patient.—

John B. Hawes, 2d; *The Boston Med. and Surg. Journ.*

Weather

Temp.

A fine day
but very windy so
I washed Eugene &
Aleta was over for dinner
on their way from town
Two Bing ham was up
& brought me a basket
of pears.
