

Sunday October 10th

We didn't get up till after seven this morning but Frank and I managed to get down to church. This afternoon I sat around the house for a while and then Dad drove down to see Kirby so I went down with him as far as Auntie's and stopped in there. Roy & Vernon had gone up to Kirby's so Auntie Alice & I walked over Braut Hill to see the mill man's. Clem's foot wasn't paining so much but felt very bad and he couldn't bear it to the ground. Jim had borrowed a pair of crutches for him from Mrs. Lawson. About five they all went down town to say good bye to the Anslips & Tibbets so I rode down as far as Auntie's with them and then home with Dad. to do chills. They all but Mrs. Millman came over in the car a little later and Mr. Millman, Mr. Brown, Dint, Frank & Nita all went back to the woods to shoot cranes. When I got dressed Kathie and I walked back over to the cottage stopping in for a minute at Auntie's and the rest all came over in the car soon after. We were all over there to tea and all evening Nita brought us home about ten o'clock. They all intended to go back in the morning so we bid them good-bye. Sunny but cold wind all day. I didn't see any thing much of Roy or Vernon today as they went over to the Woodsons to tea.

Monday October 11th

We have been hauling out manure all day but only got out about 29 loads. as we didn't get started till late and quit early. Roy, Vernon, Rebecca & Auntie were all over to dinner and Auntie asked Dad, Enah and Sid down there to tea so Enah and the baby went down with them and called on Mrs. Batterby on their way down. Dad did chills and then walked down. Frank and I had our tea alone and then drove down leaving Joe down at the house for Dad and Enah to drive home and we went to the picture show as they had Charlie Chaplin on to night. I went around & got Marj. It was laughable but absolutely nonsensical. It was eleven o'clock when we got out and we went around to see how Mr. Smith was as he had an attack of colic or some thing to night, he was still pretty sick and they were sitting up with him so Essie went over to stay all night with Nellie. I stopped in for a few minutes on my way home to say good-bye to Roy & Vernon they are going back in the morning. It was after twelve when I got to bed. I guess they had a great reunion out at Shand's school house to day of all the scholars that went to school out there to Mrs. Dally Smith who taught there for seventeen years. Mrs. McBride has been talking about it for weeks, she's one of them. It has been a lovely fall day sunny and mild.
