335 DAYS PAST

30 TO COME

It Always Happens.

It is a well known fact in the drug trade that just as soon as a pharmaceutical preparation is accepted by the medical profession as one of positive merit, unscrupulous dealers immediately produce so-called "Just as good" and "Just the same" combinations, for which price is the only consideration. Pepto-Mangan (Gude) has received the endorsement of the medical practitioner after scientific investigation and is recognized as the standard.
