179 DAYS PAST

186 TO COME

Two Reports from England.

"I have tried Pepto-Mangan (Gude) on a patient suffering from anemia and amenorrhea, with beneficial results. Menstruation has recommenced and the patient is greatly improved generally."

"I tried Pepto-Mangan (Gude) in a case of anemia following rheumatic fever, with satisfactory results, and have since prescribed it for other cases."

Weather

Temp.

Warm here all day
Eugene was out to the
North place & stayed to
Dance for dinner. Then
went there again in the
evening Maude & Eric
It was to Evelyns for dinner
then they all went to
Sunday-school
