TUES. OCT. 4, 1898

Wea.

This is a wet morning  
it had rained in the night  
The boys are off to school  
I was busy ironing today  
I had the mens white shirts  
to starch and iron, and the  
boys white shirts also so  
I was quite busy, I then  
went at the knitting again  
the men could not work very  
well today on account of the rain

Ther.

WEDNESDAY 5

Wea.

The rain has cleared off  
and it is warm and pleasant  
I attended to the house-work  
in the forenoon. after dinner  
I gathered some flowers for  
Mrs. Henderson, as there is  
prayer meeting there tonight  
it has turned very cool and  
windy toward evening,
