163 DAYS PAST

203 TO COME

The Secondary or Complicating Anemia

of a constitutional infection or diathesis should not be entirely neglected. **Pepto-Mangan (Gude)** can almost always be given, with distinct advantage to appetite, digestion and general well-being, during the continuance of such other treatment as may be indicated.

Weather

Temp.

A fine day Rained
John Rose Gray & I went
to church. George Tibbets
spoke, & then we went
to Mrs M Leape for dinner
Maude & Lilla came to
dinner, then to Sunday
School, then we all
came home. Maude &
I took Rose to Aunt Bell's
Leaves & Bell went to Louise
to see the new Bay March & Pills

while at
