363 DAYS PAST

3 TO COME

The General Vital Integrity

of the blood, as well as its immunizing power, is directly dependent upon a sufficiency of oxygen-bearing hemoglobin and a full modicum of red cell bodies. **Pepto-Mangan (Gude)** stimulates the creation of erythrocytes, encourages hemogenesis, raises the opsonic index, increases the appetite and acts as a general constitutional reconstructive.

Weather

Temp.

at 11:15 a fine day mid-
Melba & I went to
Aylmer & Mrs Johns
sent us a Christmas
parcel, I cut out out-
Melbas old blue dress
in a one piece dress.
Mrs M^cLeay came here
a few minutes this
afternoon with Ber-
We got Mariah shod
& paid for it
Mariah 6-
