APRIL THURSDAY 8 (99-267) 1920

It was cool and snow showery pritty much all day Mr Crater brought out the Incubator we sawed up some Elm logs Laura was kind of sick

7 It was a fine day I went to Spencerville with a grist we drew out a couple loads of manure I went over to the corner in the evening

FRIDAY 9 (100-266)

It was quite nice we split up some wood in the forenoon I went back to Crater in the afternoon we went up to Alva Wallace in the evening Fred Laura Jennet went up to Hardy Groves in the evening

8 It looked quite a little like rain we drew manure all day it was a very dark night their was two lambs came
