

Post-Grippal Anemia

may be either mild or profound, in proportion to the severity of the infection and the vital resistance of the patient. After the establishment of convalescence a blood-building campaign is invariably necessary.

Pepto-Mangan ("Gude")

here finds a distinct field of usefulness, as a corpuscle-constructor, hemoglobin-creator, and general tonic reconstructive. Palatable, Readily Tolerable, Absorbable, and free from irritant or constipating action.

In eleven-ounce bottles. Never sold in bulk.

Samples and literature upon application.
