

April, 1926.

23 Friday. Beautiful warm day. Walter & Vernon were pruning apple trees this afternoon. Allen Wagner got two jags of hay and Willard and Edmund Schwindt got a load of grain. Heard the frogs for the first time here although we heard them down in Hilliard's swamp on Wednesday.

24 Saturday. Thunderstorms and showers all day. Walter helped Edler's take a wild steer to Elmira and had his dinner at the Chinese Cafe.

25 Sunday. Cold and very windy. Walter, Ella and Vernon went to S. School this morning. Ella was writing letters this afternoon.

A car went up the road past here, the first one for this year.

26 Monday. Cold and windy. The new men were tearing down the fence in the pasture field this afternoon.
