

13. MONDAY. [164-201]

Looked off some stones & started to drill
Dug some stones at noon then drilling till supper time.
Had a very high wind yesterday & today it was higher
Dust blowing of turnip fields in clouds. So it was disagreeable
working. Evening went a few rounds when it came on a severe thunderstorm
& hurricane sweeping down trees & fences by rods. We had to build fences
till dark to keep our down cattle out of crops & some at Con. There are 25 rods to build ~~fast~~

14. TUESDAY. [165-200]

Opened 14 drills more, there are 65 now
then drew out 2 loads dung before dinner. & 9 after which
manured 27 drills. Father & Annie spreading
Willie drew some rails to low parts of fences in the morning
Breezy day & cool.

15. WEDNESDAY. [166-199]

Drawing out manure 16 loads
and there are now 63 drills manured spread & ready
to cover in. Fine cool day but dry.
Mare has not colted yet 3 weeks past her time (or 11 months)
& 3 weeks today.

16. THURSDAY. [167-198]

Corpus Christi.

Started to cover in with one furrow rather
wide land but being along the side of Knoll I can turn
the furrow down on dung instead of up. Got the 63 drills
finished in forenoon which kept me busy. Afternoon sowing got them
finished a little after supper. Had slight shower as we were finishing
& looks like more & I hope it will come. Good night

17. FRIDAY. [168-197]

Opened 40 drills with one furrow the
first I have ever tried. They are pretty straight but I
have 2 drills in the middle a little curved than the rest
However that is of little moment when the speed is considered.
I had them opened at 10 o'clock, then put out 14 loads of manure
before night. 5 1/2 drills to manure tomorrow. We had a splendid night's rain
last night which will do a great amount of good. as the ground was very dry

18. SATURDAY. [169-196]

Battle of Waterloo.

Put out 2 1/2 loads manure & got the
drills covered in by dinnertime. Afternoon sowing the 39 drills.
Evening harrowed potatoes and took off stumps & stones off
the piece that is to plough for turnips.

19. SUNDAY. 1 after Trinity. [170-195]

David Carr & I went to 12th Con. School
House and opened a Sabbath school. We had 4 scholars which is
encouraging, to say the least. We meet at 10 o'clock.
Afternoon at Church Mr. Carrie preached from the text Now if
any man have not the spirit of Christ, he is none of his
Romans 8th & 9th
