The Principal Requirement

in conditions characterized by general constitutional depression is systemic revitalization. This is especially true after Prostrating Infections. **Pepto-Mangan (Gude)** is a general restorative of marked efficiency, which acts pleasantly and certainly as a hematinic reconstituent.

Weather

Temp.

Thawed a little but very icy this morning. The cutter or sleigh run fine but the girls took the buggy, for fear it might be all gone but it wasn't. Cyprien was to replace, he & Mr. But! They took old Mercer the animal he weighed seventeen hundred & fifty at ten cents per pound. John went for some parts that he bought down on the McElmann farm of Mr. Campbell live here. I washed Billy & Mike & Mariah &
