59 DAYS PAST

307 TO COME

August 10, 1907.

Dr. J. T. Strickler, Norton, Kansas, says:

"I received the bottle of **Pepto-Mangan (Gude)** you sent me. I gave it to my granddaughter, as she was in poor health. I never saw anything act so quickly in all my life. She was better from the start and has improved wonderfully. Her appetite was poor and now she can eat heartily; her complexion is much better, and the medicine is so pleasant to take. I will continue to prescribe it."

A fine warm sunny day  
using the sleighs yet but  
very bare in places. Girls  
walked down as far as sheds  
and road with Albert, to  
school. Left old Matiah  
for their Father to go to Mr  
Lambert's funeral. Then they  
came home with him. I  
kept Ceras little boy for her  
while she went. Cecil help  
ed John draw straw. This  
forenoon was here for dinner  
Matiah &
