met E.M. escorting family home from
mulling & Mrs. Berry's car. ahead of them.
E.M. was talking Maria on the errandah to
night when I went out and they let me hear.
They think it not right to go visiting strangers
and that Sarah ^{ought} should not to go away as
she has been away enough this summer for
a girl in her position who has not yet
finished her education, but that I might
go with Edith. I told Sarah this and
she has decided not to go but I am sorry.
Wed. 24. Sarah went with me to the court
where I met Edith in the stage & rode up
with her as may be done to Hamilton with
her baggage this morning. I gave her some
money (25) to get her books taken. How
Edith's eyes flashed and her brow frowned
when she saw Sarah not dressed to go to.
I hesitated about getting in to go without
Sarah as she was so angry but she said
not to wait so. I explained things when
I got in and she became more ^{reconciled.}
