THURSDAY, JUNE 30, 1870.

Mrs. Jera Lovewick and I left Hamilton for home about midnight. Last night and got home about six in the morning. We got along very nicely. From Mr. & Mrs. Shultz Woolley here from the New Credit Empire. He came Monday and was taken sick. After he got here and could not go home since. I trust them all well excepting Fanny who was given up with and left in our account of her ill health. I have spent a very pleasant day to day.
