

Thursday February 8th

Toby did not arise very early this morning as he was very tired. He did not do much but rest until about four o'clock. He then drove down town. It snowed pretty much all day but was not cold. Harry and Frank drove down after tea and brought Aunt Ida, Mese and Alice over also Ward Sovereign. The Shaud family with Miss Grey arrived later and we spent the evening in music. Mr. Shaud brought his violin and Charlie his mouth organ and an "Octo-something" I forget what he called it but it made sweet music all the time. It was about 1.30 a.m. when they left.

Friday February 9th

It was dark when we got up this morning as none of us got to bed until after three o'clock, so we did not have breakfast until 10 o'clock. The boys went up to Mr. Cantelon's and got a load of gravel then we had lunch. They have both gone down town to a dance in the town hall. It has been very cold all day today. Mary Ann Clark has the measles.
