241 DAYS PAST

125 TO COME

A Plentiful Supply

of oxygen-bearing hemoglobin, with a sufficient number of red blood cells, is directly responsible for the immunizing power of the blood. **Pepto-Mangan (Gude)** stimulates and encourages hemogenesis, raises the opsonic index, and thus tends to contribute immunity to infection during the prevalence of La Grippe or other infectious disease.

Weather *Weather grand. Not* **Temp.** *to hot.*

Had some spores + catastrophes around here this morning. Eugene came over to help draw in oats down by the woods.

Melba + I drove Mariah to town. Got a letter from Mother. Melba had a front tooth taken out by Dr. Wood.

Evelyn was over in the evening + papa was over to Mrs. Cox's.

Mariah 5 miles.
