THURS. MAY 19, 1898.

Wea.

There was heavy thunder and lightning and rain in the night, and another storm this morning, the boys are away to School. I did not do any outside work today, as it is damp and wet.

I was busy sewing a little.

FRIDAY 20

Wea.

I got up and made the fire and attended to the house work in the forenoon and after dinner I went out to the garden and did some weeding and I transplanted some lettuce, and beets and planted a few beans. I went up to see Mrs Henderson.
