202 DAYS PAST

163 TO COME

A Few Suggestions to Simplify Surgery—(Concluded).

6. An ordinary surgical pocket case, with a few extra hemostats, will be enough in almost any emergency.

7. Have a drainage tube in your pocket case.

Don't crowd the anesthetic; especially if you use chloroform. Give the patient 15 minutes to go to sleep.—Junger; Med. Council.

Weather

Temp.

Warm - finished cutting the wheat this morning & cutting hay also, cut half of that little field down by the woods, & finished the one east of the garden. Helen & Margaret are out this afternoon & the girls took them home to night - & I road down with Kerslake & see them Polly $\frac{1}{2}$ Billy 5
