

July Saturday 3 1926

Didn't go to town at night but Alex, Jimmie, and I went for a swim and boat ride instead. We sure had some queer sport with Jim.

Sunday 4

Got kitten at Wickham in morning and Jimmie and I took it up to Jean at night. Jimmie named her Polly. Jean opened her five pound box of chocolates and as Jimmie says we had a queer feed.

Monday 5

Drove up to Gustafus after supper after the cream. Had a swim, then kicked football for a while followed by a lunch of cake and lemonade. Made arrangements about going to picnic.

July Tuesday 6 1926

Reddled my milk in a hurry and was home and had bottles washed by a little after one thanks to Alex. Had a speedy ride in Hughes Dodge to U.F.Y. P.O. picnic at Soper Park, Salt. We had a fair crowd and a good time especially on slippery raft. Great feed for supper. Saw good show at Scott's Theatre afterwards.

Wednesday 7

Jimmie helped wash the bottles after dinner then we went down to Presbyterian Picnic on Vanatter's flats. Came home to do chores at 4:30 and were back for supper at 6:15. Maybe we didn't have a great feed, followed by good programme of races, sing song and fire-works. Over six hundred were present at the picnic.

Thursday 8

Dr. Dunt washed me about eleven o'clock if I would have my blood tested for a blood transfusion. I did and it was all O. K. Went to hospital at two and was on operating table for 3 to 4:15. Rather a unique experience for me and got my first meal and vision of hospital life. Had a stiff arm & felt weak afterwards. Austin brought me home at 9 P.M.
