Slow Auto-Intoxications

and latent metabolic perversions are responsible for a good many cases of obscure anemia, which, while secondary in nature, often respond well to direct hematinic treatment with **Pepto-Mangan (Gude)**. Neither constipation nor digestive irritation result from its steady use.

Weather

Cold

Temp.

Maudie took Melba to school
& then Maudie stayed
with Maude Jr. all day
Eugene & Carl Dance
were here last night, &
Pa & Clarence Ed went over
there they each waited for
each other untill eleven &
met on their road home
Maudie Miller & I were over to
Mr Coxes. John was at Ed Thompsons
in the evening & helped her for taps after
Diley to Polley & dinner
