303 DAYS PAST

62 TO COME

A Forceful Quartette.

A fourfold combination of rest, nutritious food, fresh air in abundance, and Pepto-Mangan (Gude), is especially serviceable for the purpose of overcoming the Anemia due to direct hemorrhagic loss from any cause. The ordinary hematologic test always demonstrates the promptness with which the ferric and manganic elements of Pepto-Mangan (Gude) restore the red cells and hemoglobin in such conditions.

Weather *A fine day* Temp.

John finished drawing manure
then picked two bushels of
apples. then this afternoon
pulled the manure & he's
had a wagon load of man-
gles. Maudie went to Kings-
ville for her Auntie Topsy she
