Celebrated Roscoe and Grandma Harley's birthdays up home at noon. Went swimming after dinner and then down to Barkers where they had 19 for supper. Nice drive to Brantford and back to Bendmere in Jackson after the milking was done.

August Wednesday 11 1926

Drove up to Barkers in afternoon then Jack took Lou Jean, and I up to Uncle Aito when we had supper about five and then we all went to Junda Garden party in the Gray Dot. A ball game before a wonderful programme given by a band, an orchestra, and 17 performers. Slept but an enjoyable ride home with Jean. Home at four o'clock just before a heavy rain started.
